Progress Report – Hot Springs Creek Pump Station**

Dear Ms. Allen-Daniel,

The City has received one pump/motor assembly and is awaiting the delivery of the second 300 HP Cornell pump to be delivered.

City Staff has requested a proposal from Max Foote Construction Company, LLC to provide labor and materials to install the new 300 HP Cornell Pumps. This will be a Change Order to their Contract for the Gulpha Sewer Pump Station Improvements.

Two SSOs occurred at manholes 1865 and 1866 (one event) near the Hot Springs Creek Pump Station in January 2025. They both were recorded and reported to ADEQ. Lab Results and photos are attached.

Should you have any questions, please contact me at mledbetter@cityhs.net.

Sincerely,

Monty Ledbetter
Utilities Director
