RE: NPDES Stormwater Construction General Permit, Landfill Cell 2 Construction, Redfield, AR (**Permit Tracking No.** ARR152041, **AFIN** 35-00110)

Dear Mr. Snow:

The initial permit fee and Notice of Intent (NOI) for coverage under Stormwater Construction General Permit No. ARR150000 were received on November 1, 2006. The NOI has been reviewed and determined to be complete. For tracking purposes, the project has been assigned permit tracking number, ARR152041. Please use this number in all future correspondence related to this construction project.

The Stormwater Pollution Prevention Plan (SWPPP) has been reviewed and all elements required by the SWPPP checklist were included. Please note that review of the SWPPP does not constitute **approval**. The permittee must comply with all the requirements of the NPDES Stormwater Construction General Permit No. ARR150000. Additionally, the permittee may modify the SWPPP as necessary to protect the Waters of the State from erosion and/or sediment runoff.

Please find enclosed for your use: the construction site permit authorization letter, a copy of the general stormwater runoff permit, and a Notice of Termination (NOT).

If you have any questions concerning this matter or need additional information, please feel free to contact Jennifer Harmon, NPDES Stormwater Engineer at (501) 682-0627 or myself at (501) 682-0616.

Sincerely,

A handwritten signature in black ink, appearing to read "Mo Shafii", is written over the word "Sincerely,".
