RE: NABORS Landfill, 1320 Landfill Road, Mountain Home, Arkansas 72653  
**November 2025 Groundwater Monitoring Event Report** dated February 2026  
AFIN 03-00051; Permit 0249-S1-R2

Dear Ms. Brickman,

The Division of Environmental Quality Office of Land Resources (DEQ) has reviewed the November 2025 Groundwater Monitoring Event Report dated February 2026. DEQ has the following comment:

**Table 3-5, Summary of LCL Exceedances:** For future reporting, DEQ requests that this table include all constituents whose lower confidence limits (LCLs) have historically exceeded groundwater protection standards. These constituents should remain included in the Summary of LCL Exceedances table until the upper confidence limit (UCL) no longer exceeds the applicable groundwater protection standard for three (3) consecutive years. This request is consistent with Section 7.2 of the *Statistical Analysis of Groundwater Monitoring Data at RCRA Facilities, Unified Guidance* (EPA 530-R-09-007), dated March 2009 and 8 CAR § 60-1208(e)(2)(A).

Please ensure this comment is addressed in the next groundwater monitoring report.

If you have any questions, please contact me at (501) 682-0836 or e-mail at [clay.mcdaniel@arkansas.gov](mailto:clay.mcdaniel@arkansas.gov).

Sincerely,

A handwritten signature in blue ink that reads "Clay McDaniel".

Clay McDaniel  
Engineer  
Division of Environmental Quality
