Re: Conditional Approval of Temporary Second Working Face for Garland County Class 4 Landfill
Permit No. 0300-S4 AFIN: 26-00405
Cross Reference Doc ID(s): 0300-S4_Request for Temporary Second Working Face_20250306

Dear Judge Mahoney:

The Division of Environmental Quality Office of Land Resources (DEQ) has reviewed the request for an additional working face at the Garland County Class 4 Landfill. Garland County has requested a temporary second working face in Phase 2 Cell 4. This is necessary to allow safe and efficient placement of removed overfill material from the North side of Phase 2 with minimal disruption to normal waste placement activities being conducted in Phase 2 Cell 3.

The DEQ is granting a one-time approval for the utilization of one (1) additional working face at the Class 4 landfill. This second working face may only be used for the placement of overfill material. The authorization for the second working face is for a period of thirty (30) calendar days beginning upon the date of the commencement of overfill removal. Notifications will be sent by Garland County Class 4 Landfill to DEQ upon initiation and completion of the temporary authorization.

Please contact me at (501) 682-0706 or david.isaacs@arkansas.gov if there are any questions or if I can be of assistance in any way.

Best regards,

David Isaacs
Solid Waste Engineer
