The Honorable Darryl Mahoney, Garland County Judge (dmahoney@garlandcounty.org)
Garland County Class 4 Landfill
PO Box 638 Hot Springs, AR 71902

Re: Approval of Overfill Management Plan
Garland County Class 4 Landfill
Permit No: 0300-S4; AFIN: 26-00405
Reference Document ID: 0300-S4_Second Revision Overfill Management Plan_20241113

Dear Judge Mahoney:

The Division of Environmental Quality (DEQ) - Office of Land Resources has completed review of the Overfill Management Plan and Closure Plan, received November 13, 2024. The plan includes the immediate correction of overfills in Phase 1 and postponed remediation of overfills in Phase 2, all of which will be completed by August 1, 2025. If additional time is needed to complete removal activities, you must contact DEQ to request a new deadline. DEQ approves the plan. Additionally, DEQ requires a certification report documenting completion of overfill removal within thirty (30) calendar days of completion of Phase 2 activities. An email-only report with photos is requested upon completion of Phase 1 activities. If there are changes to the Closure Plan resulting from final implementation of the Overfill Management Plan, DEQ may require submittal of a permit modification request to update any affected permitted plans, design drawings, or specifications.

This authorization is being given in reliance upon the statements and representations made to the DEQ, and DEQ has no responsibility for ultimate proper functioning of the disposal facility. The DEQ also reserves the right to request additional information if it is deemed necessary. This approval shall not remove any liability nor hold the Garland County Landfill harmless in the event of any adverse environmental or public health conditions resulting from the disposal of the material. Garland County Landfill shall be solely and fully responsible for implementing any corrective action necessary to remediate any adverse condition resulting from the disposal at the site based on this authorization.

Should you have any questions regarding this correspondence, please contact me at (501) 682-0706 or david.isaacs@arkansas.gov.

Thank you –

David Isaacs
Engineer, Division of Environmental Quality
