LANDFILL

HOT SPRINGS NATIONAL PARK, ARKANSAS 71901

501-623-8243 • FAX 501-321-1468

Mr. Isaacs:

Garland County Landfill.

CC: Judge Mahoney, John Howard, Casey Jackson

We have received your approval for the removal of the overfill.

Garland County is requesting to have a second working face open at the top of the slope adjacent to the Phase II overfill, this will help cut down cost and time and travel. The approximately 10,000 yards of material will be placed at the top of Phase II cell 4. All of this material will be compacted and recovered with 12'' of cover dirt.

This material will tie into the existing working face at a later date as we move across the landfill.

We will need a 30-day window of a second working face; we will notify your office as soon as we start the removal and will notify your office when completed. The beginning date is subject to the cost, as our procurement process may extend the process to get started.

Thank you for your time and consideration of this request.
